

September 1st, 2023

To Supporters of the RNYC and Junior Sailing Program:

We would like to communicate this notice about a silent and live auction event/dinner party that we are holding at the Royal Newfoundland Yacht Club located in Long Pond - Raise the Sails II. This will be occurring on November 18th in order to raise funds for the upcoming 2025 Canada Summer Games and the necessary work in sailing school and club improvements that will be needed to execute this national event that will not only showcase Canada's sport of youth sailing, but also the Club and our own Junior Sailing Program. This is an opportunity to engage with these efforts and we encourage all levels of support in our goals during this fundraising event.

Our event plan summary:

- Held on the evening of Saturday, November 18th, with a dinner presented by our local team at the Royal Newfoundland Yacht Club
- Ticket prices will be \$150 per person and with the hope of attracting from a mix of members and individuals from the community. Tables can be purchased to a maximum of 10 persons.
- **We are seeking contributions of products or services for the silent auction with value of \$100-\$400** (or higher) to the tune of about 40-50 items. These will be displayed along with any promotional material you wish to include in the Charles R. Bell Room during the event.
- **We are requesting donations of large items/experiences/services that can be live auctioned during the dinner;** these need not be exclusively donated as we can recoup/repay a cost portion depending on the size/value/complexity of the offered item/experience.

Our previous auction was a great success, resulting in the revitalization of our sailing fleet of junior sailing vessels, but there is still work to be done!

If you have any questions, please do not hesitate to reach out.

We look forward to seeing you there!

Kris
